### READY, SET, GO!

Rotary Clubs around the world and around our great District have ended the year reflecting on their achievements and celebrating a job well done.

The leadership of Immediate Past District Governor Heather Yarker has truly been remarkable and significant. Our clubs have experienced a great year and have established a good basis for growth and improvement.

Newly inducted club Presidents and club Directors are about to start their untried journey into the world of Rotary, charged with enthusiasm and anticipation. **ON YOUR MARKS, GET SET, GO!**

**GO** means to *start*, to *move*, to *progress*, to *extend* and to *lead*. In our endeavours this year it may help us to remember those words.

**Start...**  
 with a well thought out plan

**Move...**  
 now, don't let time slip by.

**Progress...**  
 with your projects, both the ongoing and the new.

**Extend...**  
 your membership, with one member per club per month

**Lead...**  
 the community to learn about the good things that Rotary does and stands for.

### Two Commitments

Rotary International President Richard King through the theme "Mankind is Our Business" asks all Rotarians to make – and keep – two commitments.

The first is a commitment to all humanity, extending compassion and practical aid to those whose lives have been afflicted by poverty, disease, ignorance, and natural disaster. He says it is our business to offer to help people whose very existence is threatened by forces beyond their control. He says it is our business to improve the quality of life of people in our communities.

The second commitment that Rick King seeks from us is that we reach out to other business and professional leaders and bring them into Rotary. A strong sustainable membership is a measure of our internal health and he asks us to focus on four challenges to Rotary greatness:

1. Membership growth, education, assimilation, retention, and extension.
2. Improved Rotary education and training in the clubs.
3. The public image of Rotary.
4. The strengthening and development of each Rotary club.

By educating Rotarians on the many opportunities Rotary offers, by promoting Rotary's good work throughout the community, and by making sure all our clubs have the qualities it takes to attract and keep members, the stage will be set for significant, sustainable productivity and growth.

### Rotary's Global Quest

Some of you know about Rotary's Global Quest. Some of you know that this year we would like every club to make a commitment to induct one new member every month and to establish a minimum net growth of 5 new members for the year.

The time to start is now and with commitment I am sure that a tremendous effort can be made by every Rotarian in our district to boost membership and to improve the internal health of their club.

Rotary has produced magic in the lives of many people. It has helped so many less fortunate than us to live a normal life, and to enjoy the many pleasures that we all take for granted.

It has also helped to enrich the lives of Rotarians, our lives, by providing opportunities for personal growth. Rotary has enabled us to become better human beings.

It is surely our duty to reach out to others in our communities to give them the same opportunities for fellowship, enjoyment, personal development, and service that we enjoy.

I know this is going to be a great year of Rotary.

*Together in Rotary Service*  
**DG Neil Maxwell**

## July is Literacy Month

We are hoping that all clubs in the District will support a Literacy - Numeracy program during this Rotary year. You will find this not only interesting but also very rewarding.

Even in our own country there are many young people and adults who are not able to read, write or spell and who have a problem with simple maths.

Contact your local Institute of TAFE and offer support in supplying certificates of encouragement to students. Provide mentors for the students in need of assistance.

Also consider participating in a District Overseas Literacy Project.

The Gold Coast Institute of TAFE, Coolangatta TAFE, and the new Keebra Park Annex to Ridgeway Avenue Gold Coast Campus are seeking financial support for literacy programs for young kids 10 to 14 years of age. These programs do not receive any financial assistance from the State or Federal Governments.

Southport Rotary Club has donated the sum of \$2,000.00 to encourage and support this young age literacy program. It will ensure that the children gain a better opportunity in life and develop some self respect.

Clubs may wish to follow the example of Southport and support a young age Literacy-Numeracy program through their local TAFE College.

For further information contact Vocational Coordinator Des Roberts. Phone-Fax 07 55945571 [deju@bigpond.com.au](mailto:deju@bigpond.com.au)

*Rotary Club of Mullumbimby*

**Joe Gibson**  
*Rotary Club of Kyogle*

**George Marshall**  
*Rotary Club of Coolangatta Tweed Heads*

## ROTARY THEME 2001-02

Those Rotarians familiar with Victorian literature will recognise that our 2001-02 theme is taken from Charles Dickens' beloved story, *A Christmas Carol*. In this cautionary tale, a hard-hearted businessman named Ebenezer Scrooge is visited by the ghost of his former partner, Jacob Marley, who has been condemned to an afterlife of regret for his heartless behaviour on earth.

When Scrooge tries to reassure

Marley by saying, "But you were always a good man of business," the distraught ghost cries despondently: "Business! Mankind was my business. The common welfare was my business; charity, mercy, forbearance, and benevolence were, all, my business."

I ask you to share the magic of Rotary with others whose lives will be enriched and even transformed by Rotary membership.

Let it not be the fate of any Rotarian to live with regret for humanitarian actions not taken. Through Rotary, through our service to others and our efforts to grow and thrive, all Rotarians can proclaim and keep the powerful commitment: Mankind Is Our Business.

**Richard D King** *Rotary International President 2001-02*

## WELCOME NEW MEMBERS

*The following new members have been reported so far*

Paul MERAK	Boonah
AI HAHN	Boonah
John WALKER	Boonah
Bill MILLER	Boonah
Adam SYDENHAM	Grafton Middy
Raymond DUFFY	Tweed Heads South
Steven WARNE	Tweed Heads South
Margaret HOBBS	Tweed Heads South
Warren O'NEILL	Broadwater Southport
Chris LEWIS	Broadwater Southport
Jens KRAUSE	Byron Bay
Cathy BIGGS	Byron Bay
Stuart ROCHE	Byron Bay
Robert ROWNEY	Coolangatta Tweed Heads
Douglas TAYLOR	Palm Beach
Tony TUBINI	Iluka
Julie-Ann ROSE	South Grafton Sunrise

## WANTED

Information, articles and photographs on club Activities.

If you would like to have anything published in Talon Times please submit it to the District Secretary Graeme Polkinghorne at the address below before the last day of the month, for publication in the following month's edition. e.g 31st July for the August edition.

Late submissions will be held over for the following edition so your efforts will not be wasted.

Photos, articles and even notes of events and happenings around the District are most welcome.

**Address for Newsletter articles:-**

Fax 07 46613336**

## CLUB BULLETINS REMINDER

Please ensure you post your club bulletins to the DG Neil and the DGE Ross Smith

## The Rotary Foundation

The mission of The Rotary Foundation is to support the efforts of Rotary International in the fulfillment of the Object of Rotary, Rotary's mission, and the achievement of world understanding and peace through local, national, and international humanitarian, educational, and cultural programs.

The Matching Grants program is a program to assist international humanitarian service projects in cooperation with Rotarians in another district.

Now is the time to complete your plans to participate in this Rotary Foundation Program.

Sponsor Clubs or Districts must provide at least half of the project cost and The Rotary Foundation provides a \$ for \$ matching grant of sponsor donations up to \$50,000.

Contributions can utilize district *SHARE* funds and District Governor Neil has made provision in the District Budget for Clubs to jointly 'share' in these funds. Neil would prefer groups to combine their contributions and their share of the District allocation to undertake more major humanitarian projects. In this regard, Clubs should make immediate contact with their respective Assistant Governors, who will co-ordinate their programs.

The Rotary Foundation Chairman, Dug Graydon, has details of many suitable projects and would be very happy to visit Clubs to discuss the program or address your Club on the subject of Matching Grants or other aspects of The Rotary Foundation. Contact details are in The District Directory.

It is very interesting to note that since 1965, over 11,300 Matching Grant projects in 165 countries have been funded at a cost of more than \$113 million. In 1999-2000, 1,909 new grants approved for projects in over 115 countries. Program awards were \$20.2 million.

Applications for a matching grant, of less than \$25,000, can be submitted between 15 July and 31 March each year.

Competitive applications seeking more than \$25,000 must be made by 1 August or 1 January.

Application must be submitted on a *Matching Grant Application form* (141-EN) and must be submitted to The Rotary Foundation by the deadlines stated above.

## Invitation to all Clubs In District 9640

Australian Rotary Health Research Seminar  
to be held at The Kooralbyn International  
School on Saturday 21st July 2001

Lunch available from 11.45 am **Cost \$10**  
**Seminar commences at 1 pm**

Presidents, Community Service Directors and Interested Rotarians are invited to attend this important Seminar  
ARHRF Chairman Terry Edwards and Director PDG Tony Williams will give training in running the Community Mental Illness Forums.

Contact **MARTIN ZAUGG** (District ARHRF Chairman)

Ph: 07 5544 6217 (h)

07 5544 6288 (w)

email: martin\_zaugg@email.com

## What is Donations In Kind?

Donations In Kind (DIK) in simple terms amounts to giving things of value instead of money. Rotarians procure items that will benefit our neighbours in developing countries.

Such things as:

Drugs whose use-by date is current or has passed by just one year. All nature of medical supplies - Catheters, Splints, Dressing Basins, Bandages, Instruments, etc.

Hospital Equipment such as Beds, Tables, Crutches, Walkers, Lights, Bedding, and anything that may be considered useful. School Books of all types. Spectacles. And a multitude of other useful items

Always remembering that we would not want to give them things that we wouldn't use ourselves

## How Do We find these items?

Work with your local Chemists, Doctors, Dentists, Optometrists, Hospitals, Schools and any other source that you might establish. Community nurses sometimes are aware of equipment that their patients no longer have need for. Deceased estates often provide items.

## How to encourage donors.

Most clubs have someone who has the necessary contacts. Personal and regular contact with prospective donors is most important.

Acquaint the donor of the humane value of our project. Provide a letter of authority from your President and Secretary / International Director proving your credibility and the worthiness of this project, again stressing the humane aspects of what we are doing.

Offer to call once a month to collect.

Make sure the donor has a telephone contact within your club (DIK Rep.).

Collection of the redundant supplies saves problems of disposal and frees up shelf space.

Supply a container for chemist to place in their shops for the return of unused or expired medical supplies.

**DIK is an extremely worthwhile project  
- collecting materials instead of asking for money!**

**However, please also think  
about helping financially.**

**Each container now costs over A\$ 2,000.**

**Appoint a DIK contact within your club  
so that we have a point of contact.**

**For further information contact  
District DIK Chairman  
Kevin Geaghan :- 02 66868699**

## Treasurers - Please Note

As from the 1st July 2001,  
the RI exchange rate will be

**A\$1.92=US\$1.00.**

Multiply all RI payments by 1.92

# GOVERNOR'S CHANGEOVER 1st JULY 2001

Held at Scots PGC College Dining Room, Warwick

SNO (Suspend Normal Operations) Band Member Andrew Maxwell

Husband and wife awarded PHF's. Ken Payne of Nerang & Denise Payne of Ashmore

Popular 21 year old Zoe Ralf Ambassadorial Scholar awarded PHF

Kyogle Changeover

Mike Geisel president of Warwick Sunrise Club, the newest club in the District receiving Presidential Citation

## Shell Livewire 2001

Queensland Shell Livewires are well into their Business Plans. We have an outstanding number of applications this Rotary Year with an encouraging 26 Business Plans that have met set requirements.

The "Shell Livewire" program aims to encourage young women and men of 18-28 years to be seriously committed in preparing sound business plans.

All successful applicants are matched to Rotarian Mentors who provide guidance in formulating a documented business plan.

As part of the final judging, the Queensland State Government presents \$1000 encouragement awards to the best entrants within the north, central and southern sections of the State.

Shell provides \$5000 for the three outstanding top placings.

Queensland State Development Department can assist all entrants in developing their plans through their centres. Participants can also attend a State Development Workshop.

I thank all Rotary Mentors who have volunteered to assist the Livewires with direction and support for this interesting year with Shell Livewire in District 9640.

Finally we will be hoping for a finalist come November 2001 at the Queensland State Parliament House Annexe, Brisbane.

Rotary friends, I am looking forward to our new Rotary year and in providing vocational service support to all 54 Club Directors.

*PP Des Roberts (Vocational Service Coordinator)*

## Project Chemosensitivity Lab

Bursa Uludag Rotary Club is looking for International Partner Clubs for a matching grant project that will supply medical equipment to the Uludag University Medical Faculty Hospital.

Uludag University is a State University located in Bursa, Turkey. Its Medical Faculty Hospital serves the people who live at the Southern Marmara region. A total of 4 million people live in this area.

The Chemosensitivity Lab will be the only chemosensitivity lab in Turkey and will serve to at least 15,000 patients from around Turkey annually.

Bursa-Uludag Rotary Club is willing and able to contribute US\$5,000 to this project. It is estimated that the whole project will cost approximately US\$70,000.

Here is a project which Clubs in our District may become involved in by pooling their US\$200 of District Designated Funds per club and their own resources as a group.

For more details contact our District International Service Coordinator Don Graham on 0266422358 Email [drgraham@nor.com.au](mailto:drgraham@nor.com.au)

*PDG Don Graham with Mehmet Inal, the project coordinator in Turkey.*

## Jason Kingsley

### Shine on Awards Nomination

Jason Kingsley - nominated by the Rotary Club of Grafton Middy

"Shine On" Awards focus on the abilities of people with disabilities

By recognising outstanding community service by a person with a disability

Over the past 10 years 600 nominations have been received and 160 awards

made Australia wide. It really is quite a prestigious Award.

Jason is a quadriplegic as a result of a surfing accident that occurred when he was 15 years old.

Jason was a high sporting achiever. His positive attitude to dealing with his change of ability has not only won him admiration but has been an inspiration to many with and without disabilities.

Jason is driven by a passion to send a message to other young people to think of the value of their bodies, to recognise their mortality, to manage risk and adopt preventative measures in their sporting and social lives.

Makes presentations to government departments and disability groups and provides motivational talks to boost the self esteem of adolescents at high schools.

He advocates for others with all disability types and ages, including intellectual and physical across all community groups.

Does voluntary and paid work for Community Options providing case management services for frail older people and younger people with a disability with high support needs.

Has trained 16 and 18 year old girls school basketball and netball teams.

From his personal experience is recognised as providing a major contribution to ensuring an ongoing client focus in the Community Options workplace.

Jason is involved in ongoing studies in administration and case management.

He is very independent and is getting married this year.

## REMEMBER

Your Semi-annual Report (SAR) of Club Membership with R.I. per capita dues should be forwarded to R.I. Parramatta. Please send a copy of the report to District Governor Neil Maxwell, PO Box 200, Warwick, Qld 4370.

Attendance Reports must be sent to the Assistant Governor of your Club Group immediately after the last meeting of the month and in any case before the 5th day of the following month. i.e. July's figures must be in by the 5th August.

Please forward attendance figures promptly to your Assistant Governor who will then submit them to the attendance officer Patricia Price.

# The Rotary Foundation District Seminar

The Rotary Foundation District Seminar will be held on Sunday 4th November 2001

Every club should plan now to be well represented at this seminar. More details will be out shortly.

## Friendship Exchange to Turkey

The Friendship exchange to Turkey was a fantastic experience for 5 Rotarians and their partners.

Don & Beverley Graham (Grafton), Chris & Bev Wheelahan (Grafton), Peter & Corinne Collins (Grafton), Neil & Helen Costello (Tenterfield) and Mike and Alison Digby (Glen Innes) participated in the exchange which commenced on the 8th April and concluded on the 25th April this year. The Rotarians were hosted by District 2440 which was the district with whom we had a Group Study Exchange in March 2000.

The hospitality of the Rotarians in that District was outstanding and our travellers were overwhelmed by their generosity.

This is the first Friendship Exchange to go to Turkey from our District. Those who participated are looking forward to the return visit of the Turkey Friendship team in 2003 when they will visit our District during the International Convention being held in Brisbane.

## The Siemens Science Experience

The prime purpose of *The Siemens Science Experience* is to provide students entering Year 10, irrespective of their means or demonstrated talent, with opportunities to participate in "hands on" science studies and science-related activities at one of more than thirty co-operating universities and TAFE institutes.

With the active support of Rotary Clubs in every district, last year about three thousand students participated. Unlike some programs *The Siemens Science Experience* is not elitist. It is deliberately aimed at all students about to enter Year 10 level in all schools.

It is carefully designed to help young people consider the range of scientific careers available and to boost scientific and technological awareness and literacy. Many students will be switched onto science through the experience – this is a bonus and Australia may move closer to being the clever country.

Other students may decide that science related work is not for them – the organisers are quite comfortable with this because they know that, having attended the Science Experience, those students will still be in a position to have a better understanding of the world around them.

The Siemens Science Experience is an excellent scheme and because of the strong and willing sponsorship by Siemens Ltd., a nominating Rotary Club need contribute only \$60 (includes GST) per enrolment.

Young people need Rotarians in their clubs to take an interest in them and this is an ideal way to demonstrate genuine interest and encouragement while also assisting the future of our country. I commend the sponsorship of young people to attend the next The Siemens Science Experience and trust that each club in this district will support local youngsters as they seek their future.

DG Neil.

## District Membership Forum and Workshop

**When?**

Sunday 19th August -11 am to 3.30 pm (Lunch at 1pm)

**Where?**

Ballina RSL Club

**Who should attend?**

All Rotarians and Partners

This Year, with Rotary's Global Quest running, it is vitally important for us to meet the membership challenge head on early in the year.

This will be a workshop forum and we hope that everyone who is interested in Membership Development and who has something to put forward by way of suggestions or thoughts will attend. It is free except for your lunch which will be at your own expense.

This one is worth an effort.

## Is your Club looking for a great Guest Speaker?

Both of our Group Study Exchange (GSE) teams are home and are ready to speak at our clubs. You just have to ask. To make contact with the members of the teams contact the Team Leaders.

For the GSE to District 9920 Fiji, Somoa, American Samoa, Tonga and New Zealand:-

**Bill Bonner** - 07 46837233 Email [bonner@halenet.com.au](mailto:bonner@halenet.com.au)

For the GSE to District 5010 Alaska:-

**Rod Bailey** - 02 66281168 Email [rocket@nor.com.au](mailto:rocket@nor.com.au)

**CHOOSE IT... TRY IT...  
LIVE IT!**

As part of your clubs participation in Rotary International's different Avenues of Service, has your club: -

- ◆ sponsored a YEP Student
- ◆ sponsored a RYPEN, RYTS or RYLA Awardee
- ◆ sponsored a STEP Student
- ◆ sponsored an Interact Club

These programs are a perfect introduction to Rotary as an organisation, yet are perhaps overlooked as a way of encouraging young people to pursue other opportunities available to them within Rotary.

Your club has no doubt invested much time and money in the development of youth in your area. Ask yourself, have you maintained contact with the people you have supported? How have they applied what they learnt while on exchange, or at RYLA? In fact, do you know if they still have any contact with Rotary? If not, these people are missing out, your club is missing out, and more importantly, Rotary is missing out.

Where can a young person go to build on Rotary values? The answer is Rotaract. There are many opportunities available to assist these youth in their personal and professional development. Unfortunately, they are probably not aware of what is out there for the taking.

Rotaract is one of Rotary's best-kept secrets, it's about time we made the community aware of its existence, and share in its enthusiasm. Broadly based on Rotary, Rotaract is a community service based organisation, with projects undertaken in the areas of Professional Development, International and Club Service.

Many opportunities exist for Rotaractors to network with Rotarians providing excellent exposure to local business people which is invaluable to people of Rotaract age for their own personal development, and to continue in their living the ideals expressed in the Object of Rotary.

Your Youth Director will be receiving a letter in the coming months from Rotaract in District 9640 encouraging your club to hold a youth night for people that you have sponsored, or that would be suitable as candidates for Rotary's youth programs and Rotaract. This forum can be used to re-acquaint yourselves with the excellent young people within your community, and also to encourage these people to maintain their continued contact with Rotary.

## Project #85

Project #85 is a World Community Service project in which many clubs and individuals in our District participate.

The project provides education for children in Indonesia at homes run by the Salvation Army on islands of Bali, Java, Sumatra, and Sulawesi.

A donation of \$110 provides education for a child for a year. The sum of \$10 is allocated from this amount to cover the cost of a birthday present and a Christmas present for the student and usually the presents consist of items of clothing.

This is a very worthwhile literacy project for our clubs to become involved in. Only by our assistance will many of the children of this neighbouring country receive an education.

For more information contact **PDG Alan Still**,  
PO Box 1200, Burleigh Heads, Qld 4220  
07 55760669 e-mail :- [afstill@winshop.com.au](mailto:afstill@winshop.com.au)
